FAMILY CELEBRATIONS

At White Birch Manor

“The most important thing in the world is
family and love.”

Welcome to your Family Ceremony at White Birch Manor. This will be a very special occasion filled with love and created to reflect the unique family that you are. Your individual lives are already closely woven together, and this ceremony will be just one more special event to add to the rich, beautiful tapestry of moments and happenings that connect you all.

“A wonderful experience.
Gave a lovely feeling of togetherness.”

Moments & Memories

As a family you are like the many small, interconnected branches on a tree. You may all grow and travel in different directions, but you remain connected to one another and the relationship between you all is very precious, and it runs very deep.

"It was fabulous to have all the family together at this lovely Manor in the beautiful gardens."

We invite you to gather together in this beautifully historic setting to celebrate your family, its history, and to look forward to its future; to embrace the essence of what it means to be a family, to embrace the joys and frustrations, the changes and traditions.

Cherish The Moments

Sharing memories and taking part in simple activities will allow each member of the family of all generations and ages to acknowledge their love for one other, whether the family be large or small, close or far away; chosen family or one connected by birth; with time to reflect, celebrate and share wishes for the future.

“The perfect gift...”

Our professional photographer will capture special moments of your ceremony and will follow with an informal and relaxed photo shoot allowing everyone to take home beautiful images of your time together.

White Birch Manor is a photographer's paradise with multiple options to make your backdrop as personal, wonderful, and unique as your family.

Together We Make A *Family*

Celebrate with drinks once the ceremony is completed and then later enjoy a 3-course fine dining menu, prepared by our very own award-winning chef. A beautifully dressed dining table and waitress service means you can all relax, enjoy, and indulge in this precious time together.

“Being able to spend time with each other and share our memories and feelings was very special.”
